To: Board of Commissioners

Citizens of the Bolingbrook Park District

The comprehensive annual financial report of the Bolingbrook Park District for the fiscal year ended December 31, 2016 is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds and account groups of the Bolingbrook Park District. All disclosures necessary to enable the reader to gain an understanding of the District's activities have been included. This letter of transmittal should be read in conjunction with the management's discussion and analysis and the notes to the financial statements to obtain the most complete assessment of the District's current financial status and its future prospects. The District's Management Discussion and Analysis can be found immediately following the report of the independent auditors.

This report includes funds of the District. The District provides a full range of recreation, self-improvement and well-being services. These services cover a broad spectrum including abundant early childhood, youth, adult, senior and athletic programs, special event programs, fitness, golf, aquatic facilities, and recreation programs for individuals with disabilities.

### ECONOMIC CONDITION AND OUTLOOK

The Bolingbrook Park District is located in Bolingbrook, Will County, Illinois, one of the most centralized suburbs in the southwest Chicago area. Located approximately 26 miles from downtown Chicago, and in close proximity to major roadways, Bolingbrook is an ideal location for suburban life, and all that Chicago has to offer as well. Voted as one of the Top 50 Best Places to Live in 2014 by Money Magazine, Bolingbrook is a diverse community with much to offer the sports enthusiast or nature lover.

Bolingbrook is at the interchange of Interstate Route 55 on the south, and the north/south extension of the Illinois Tollway system, I-355, on the east, allowing for easy access to Tri-State Tollways I-294 and I-80. Presently, the District consists of 26 square miles with an estimated population of 75,951. Operating within our mission to enhance the community's quality of life, the District received the Illinois Distinguished Accredited Agency Award in 2015, an award that only the top 10% of park districts in the state receive based on Operational Excellence. In 2016, Lifestyles Fitness Center celebrated its 20<sup>th</sup> anniversary, a long standing service offering in the community.

The District is made up of 1,087 acres of open space, 489 acres representing natural areas, and 49 parks and properties. The District has a 9-hole executive golf course and Bolingbrook is also home to a championship 18-hole golf course that was selected as one of the GRAA Top 50 Public Facilities. The District also provides 38 playgrounds, 43 soccer fields, 2 cricket fields, 49 baseball/softball fields, 8 football fields, and much more. Other amenities include a restaurant and banquet facility, two fitness centers, an indoor/outdoor aquatic complex, a Leed Platinum nature center, and a trout farm.

The District experienced rapid growth in commercial, industrial and residential real estate development from the early 1990s through 2007. Much of that growth can be attributed to the proximity of the District to the City of Chicago. As Bolingbrook grew, the EAV experienced measurable growth as well. In 2009, as a result of the poor economy and housing market, the EAV began to decrease, hitting its low point in 2012. In 2015, Bolingbrook began to see growth in their EAV again. That growth trend was also represented in 2016 as reflected in the following chart.

| YEAR       | ASSESSED VALUE  | PERCENTAGE CHANGE |
|------------|-----------------|-------------------|
| Proj. 2016 | \$1,929,730,777 | 5%                |

| 2005       | \$1,800,424,283 | 13%               |
| 2004       | \$1,562,179,849 | 14%               |
| 2003       | \$1,375,252,209 | 19%               |

### LONG-TERM FINANCIAL PLANNING

The District has established a Cash Reserve Policy to ensure funds are available for future operating, emergency and cash flow needs. The District's funding goal is to maintain cash reserves of 25% of prior year operating revenue. In addition, the District maintains a Capital Asset Replacement Plan (CARP) which represents the current status of the capital replacement needs of the District. This comprehensive program lists all capital assets of the District, their location, original cost, useful life and replacement cost. This plan is updated annually prior to the budget cycle so that funding for capital replacements can be included in the budget cycle.

In 2015, the District developed a Fund Balance Policy to compliment the Cash Reserve Policy. The Fund Balance Policy provides the District with financial goals that will take several years to achieve. As the District works toward achieving the Fund Balance policy, the financial stability the Fund Balance Policy drives will further strengthen the District.

### **MAJOR INITIATIVES**

### **FOR THE YEAR:**

Major accomplishments in 2016 focused on the Bolingbrook Park District's Strategic Plan by implementing projects, with a focus on our Strategic Initiatives; Customer Satisfaction and Loyalty, Innovation, Employee Engagement and Satisfaction, and Financial Growth and Sustainability. The following accomplishments are a result of this focus:

### **Employee Engagement and Satisfaction**

- The District's Marketing Team received 3<sup>rd</sup> Place in the Agency Showcase-Social Media Campaign category at the Illinois Parks and Recreation Association annual conference.
- The Aquatic Team was awarded the 5-Star Award from Starfish Aquatic Institute for the team's outstanding performance during their lifeguard and facility audits in 2015.
- The Buildings, Grounds and Natural Resources management team participated in a team building activity at Ronald McDonald house, Northwestern Medicine/Central DuPage Hospital in Winfield, Illinois. They completed meal planning, shopped, prepared and served lunch to approximately twenty guests.
- Three District managers graduated from the IPRA Leadership Academy, a six month program with curriculum that includes leadership methods, accountability, strategic thinking, panel discussions, hot topics, and financial strategies.
- At the Neuqua Valley Internship Banquet, a part time staff person from LCSRA thanked them for his experience. His opportunity at the District allowed him to dig deeper into the field of therapeutic recreation, and experience planning and supervising a program.
- The Recreation Department was restructured to encompass both Recreation and Special Facilities. The existing Recreation Department Head became the Director of Recreation and Special Facilities, and three internal Managers were promoted to Superintendents over Recreation, Facilities, and Special Recreation.
- Four gymnastics coaches attended a spotting clinic sponsored by USAG at Oak Lawn Park District.

### Innovation

- The District received the "Appreciation of Partners" Award from the Forest Preserve of Will County in honor of their many collaborative partnerships in the ongoing development of the DuPage River Greenway.
- New in 2016, participants in school, scout and Nature Programs had an opportunity to start collecting "Friend of Otis" cards. Hidden Oaks introduced 4 different cards focusing on the mammal friends of Otis; raccoon, opossum, beaver and the eastern cottontail.
- The District created a Partnership Committee consisting of seven full time staff that creates opportunities for businesses to meet their marketing needs through a partnership with the District.
- The former game room at Ashbury's was changed to provide space for small, private parties or meetings.
- Lifestyles fitness members earned chances to win Cubs or White Sox tickets in April's Grand Slam Fitness Challenge. Tickets were earned based on activities performed.
- The Community Garden Plots Project won a grant from Lowe's for the "Hero's" program which believes in helping to transform the communities in which their stores are located. They provided \$2,500 worth of materials and volunteer labor to build as many raised beds as possible for the Community Gardens.

- The District was one of three districts awarded the "Keep America Beautiful Grant which provided 30 recycling bins free of charge to be used in our parks.
- In honor of Parkie the Pelican's birthday, Parkie the Pelican bobble heads were hand delivered to randomly selected participants in their homes. It served as a fun gesture to say "thank you" to our community.

### **Customer Satisfaction and Loyalty**

- Over 700 people came out to celebrate Winterfest with the Fountaindale Public Library at the Annerino Community Center. Event offerings included Snowball Sling Shot, Performances by DanceForce and Storm Cheerleading meeting Little Maxx and Tundra from Plumery Tails, Spin Art, Tattoos, Storytelling, Bookmobile, and free climbs on the indoor climbing wall.
- Lifestyles Fitness Center celebrated its 20<sup>th</sup> anniversary with a kickoff party and a series of special group fitness classes, screenings from AMITA Bolingbrook Hospital, trainer demos and a Q&A opportunity. The day was capped with a drawing where the winner was awarded an all-expenses paid Royal Caribbean Bahamas cruise.
- Permanent eight foot tall chain link outfield fencing was installed on the two softball fields at Remington Lakes Sports Complex.
- DanceForce attended West Coast Dance Explosion where JAMM Team won top awards and specialty
  awards. Five dancers also took home scholarships. Best of all, DanceForce was recognized many times
  for spreading encouragement through a character building exercise where they were to give inspiring
  notes to other dancers they were among at workshop classes, truly being role models fulfilling the
  Mission of the Bolingbrook Park District.
- The Storm Cheer Senior Team earned a first place finish bringing home another banner to display as well as their second "Best Jumps" Trophy out of 35 teams!
- The 16<sup>th</sup> annual Week of the Young Child brought out approximately 3,350 people who attended the week long events from Tons of Trucks/Kids Fair, a Family Bingo Night, the Pound Fit Demo, Mrs. Carol for a PJ Night, the Rubber Ducky Swim, and more.
- During the Kid's Vendor Fair, the Aquatic Team offered a variety of games and activities in the Zone at BRAC in an effort to boost awareness of Pelican Harbor. A photo booth was available for patrons to take advantage of while having the opportunity to take a picture with Parkie the Pelican.
- The Pelican's Swim Team competed in the Central Suburban Swim Conference Championship and took first place.
- At the Special Olympics Area 7 Spring games, four LCSRA athletes competed and came home with medals. Two of the four athletes advanced to the Special Olympics State Summer Games!
- A Monday night Men's League player earned a Trip to Mexico with his Hole in One at Boughton Ridge Golf Course. The trip included an 8 day, 7 night stay at one of Mexico's premier resorts.
- The Master Plan was updated to reflect future improvements to BRAC, broken down into phases. These
  phases include family changing rooms, expansion of entrance vestibules, additional multi-purpose
  rooms, and other proposed improvements.
- The District's data network was moved to a fiber solution, providing a higher level of uptime.
- Improved video security systems were installed at all facilities, allowing for increased protection and security for our customers.
- Ten park workers joined approximately 100 volunteers and the folks at KaBoom to build a playground on Tibbott School property.
- Through IPRA Parks Promote Play, the District received a matching grant of \$45,000 toward the purchase of play equipment to be installed at the Rotary Park playground.

### **Financial Growth and Sustainability**

- Executive Director, Ron Oestreich led a 5 member team presenting to six Representative and Senators on legislative issues concerning our District at the South Suburban Parks and Recreations Professional Association/IAPD Legislative Breakfast. His focus was on the impact of the impending tax freeze.
- Two high efficiency pool boilers replaced one less efficient model at Pelican Harbor. The replacement is expected to realize a savings for the District.
- A renegotiation of existing internet services captured a savings of over \$2,800 per year, bringing with it improved speed and additional services.
- Through additional negotiations, staff was able to reduce quotes for laptops and desktops by over \$7,000, providing a great savings to the District.
- The District entered into a three year agreement with Kemper Sports Management, bringing expertise in the field of golf and restaurant management to Ashbury's at Boughton Ridge Golf Course.
- Courier services were implemented to more efficiently and effectively transport deposits to the bank.
  This not only provides a higher level of security for transfer of funds, it greatly reduced the time
  investment for managers, capturing a staff hours savings, allowing for improved service without an
  increase in costs.
- The District completed a Moody's Review in preparation for bond refunding, and maintained its AA2 rating for General Obligation bonds.
- The District's 2006 bonds were refunded, capturing a savings and allowing for more flexibility for future funding.

### FINANCIAL MANAGEMENT AND CONTROL

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable assurance that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

<u>Budgeting Controls</u>: Budgetary controls are maintained to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District's governing body. Activities of the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund are included in the annual budget. Project-length financial plans are adopted for the capital projects funds. A budget is prepared for each fund; control is provided by verification of appropriation amounts prior to expenditures, as well as a monthly review of actual account activity in comparison to budget. Additional control is established through policies and procedures for all aspects of accounting practices of the Park District which includes the recording of receipts and disbursements of funds entrusted to the District.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

Management is responsible for preparing a Management's Discussion and Analysis of the District. This discussion is located right before the basic financial statements, providing an assessment of District finances for 2016, with comparisons to 2015.

<u>Independent Audit</u>: State statutes require an annual audit by independent certified public accountants. The District has selected the accounting firm of Lauterbach & Amen, LLP. The auditor's report on the general purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report.

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Bolingbrook Park District for its comprehensive annual financial report for the fiscal year ended December 31, 2015. This was the sixteenth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

<u>ACKNOWLEDGEMENTS:</u> The preparation of this report on a timely basis was made possible by the dedicated service of the Administrative Office and the cooperation of the other operating departments of the Park District. Each member of these departments has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the Board of Commissioners for their interest and support in planning and conducting the operations of the District in a responsible and progressive manner.

Respectfully submitted,

Tricia Dubiel

### INDEPENDENT AUDITORS' REPORT

May 10, 2017

Members of the Board of Commissioners Bolingbrook Park District Bolingbrook, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Bolingbrook Park District, Illinois, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Bolingbrook Park District, Illinois, as of December 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Bolingbrook Park District, Illinois May 10, 2017 Page 2

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bolingbrook Park District, Illinois', financial statements as a whole. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### **Bolingbrook Park District Management's Discussion and Analysis**

### Introduction

The Bolingbrook Park District's (District's) management discussion and analysis (MD&A) provides an overview of the District's financial performance for the year ended December 31, 2016. This analysis focuses on current year activities and operations, which should be read in combination with the transmittal letter and the District's basic financial statements that follow.

### **Financial Highlights**

- The District's total assets/deferred outflows exceeded total liabilities/deferred inflows at the close of the most recent fiscal year by \$45.70 million, which represents an overall increase of \$1.39 million from the previous year's balance of \$44.31 million.
- At December 31, 2016, the District's governmental funds reported combined ending fund balances of \$8.68 million, an increase of \$0.27 million from the prior year. Unanticipated growth in the EAV allowed the District to capture additional property tax revenue.
- As of the 2016 year end, the District has spent 88.41% of the 2013 bond proceeds. During fiscal year 2016, \$1,491,225 was spent on capital asset expenditures and replacement of our infrastructure, facilities, parks, and playgrounds.
- In 2016, the District refunded bonded debt in the amount of \$7,771,683 to restructure repayment terms, bringing future debt service payments in alignment with our current payment schedule.
- As of July 1, 2016, the District contracted with Kemper Sports Management, bringing their expertise in golf and restaurant management to Ashbury's at Boughton Ridge Golf Course.

### **Using this Annual Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 3-5) provide information about the activities of the District as a whole and present a longer term view of the District's finances. Fund financial statements begin on page 6. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operation in more detail than the government-wide statements by providing financial information about activities for which the District acts solely as trustee or agent for those outside of the government.

### **Government-wide Financial Statements**

The government-wide statements are designed to provide readers with a broad overview of the District's finances. The two government-wide financial statements, Statement of Net Position and Statement of Activities represent an overview of the District as a whole, separating its operations between governmental and business-type activities. The District reports only governmental activities. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The *Statement of Net Position* presents information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Additionally, one would need to evaluate non-financial factors, such as the changes in the District's property tax base, the condition of parks and facilities, satisfaction of stakeholders, and other information beyond the scope of this report to make a more complete assessment of whether the District as a whole has improved.

The *Statement of Activities* presents changes in the District's net position during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. This statement simplifies the user's analysis to determine what extent programs are self-supporting and/or subsidized by general revenues.

The governmental activities of the District are principally supported by taxes, charges for services and intergovernmental revenues, such as grants. Governmental activities include general government and recreation.

The government-wide financial statements are presented on pages 3-5 of this report.

### **Fund Financial Statements**

Traditional users of governmental financial statements will find the Fund Financial Statements more familiar. The focus is on Major Funds, rather than (the previous model's) fund types.

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

### Using this Annual Report – Continued

### Fund Financial Statements – Continued

The District reports one type of fund:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison schedules are included in the required supplementary information for the General Fund and major special revenue funds. Budgetary comparison schedules for other special revenue funds can be found in a later section of this report. These schedules demonstrate compliance with the District's adopted annual appropriated budget.

The basic governmental fund financial statements are presented on pages 6-11 of this report.

### **Notes to the Financial Statements**

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 12 of this report.

### **Required Supplemental Information (RSI)**

Following the Basic Financial Statements are budgetary comparison schedules for the General Fund and major special revenue funds with legally adopted budgets, as well as information for the District's retirement fund, IMRF, and the District's net other postemployment benefit plan. These schedules demonstrate compliance with the District's adopted annual appropriated budget and can be found on pages 57-52.

### **Other Supplemental Information**

Combining statements for the nonmajor funds and budgetary comparison schedules for the funds not presented in the required supplementary information can be found starting on page 53.

### **Government-Wide Financial Analysis**

**Statement of Net Position**. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The District's net position increased \$1.39 million or 3.19% from the prior year's net position of \$44.31 million.

### Government-Wide Financials Analysis - Continued

The District's assets/deferred outflows exceeded liabilities/deferred inflows by \$45.70 million at December 31, 2016. The largest portion of the District's net position at 86.36% is its investment in capital assets (net of related debt). Of the District's \$64.67 million in capital assets, \$27.29 million is non-depreciable assets (land and construction in progress) and \$37.37 million is depreciable assets (buildings, land improvements, equipment and vehicles), net of accumulated depreciation.

The District's restricted net position of \$4.34 million for governmental activities represents legal or contractual obligations on how the assets may be expended. Of the \$4.34 million, \$1.66 million is restricted for special levies, \$0.85 million is restricted for future capital projects, and an additional \$1.83 million is restricted for future debt service.

The end of year total net position of \$45.70 million reflects an increase of \$1.39 million from the beginning net position balance of \$44.31 million. During the year, the District retired \$2.44 million of bonded debt. Capital asset activity for the year resulted in an overall decrease of \$451,311 million in net position, as \$830,054 million in new assets were added, net of disposals, and \$1,499,414 million in depreciation expense was recorded. Overall, operating surpluses in several funds, including the General and Recreation Funds, contributed to increases in net position for the year, and are discussed further on page MD&A 8.

The following condensed financial information was derived from the government-wide Statement of Activities and reflects how the District's net position changed during the fiscal year:

### **Governmental Activities**

The cost of all governmental functions in 2016 totaled \$19.79 million. Revenues to fund governmental activities totaled \$21.18 million; \$8.73 million from those who directly benefited from these activities, \$11.94 million was from taxes. Revenues from grants, donations, interest income and miscellaneous totaled \$506,777.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of charges for services and property taxes to fund governmental activities.

The Revenue and Expense Table compares governmental revenue and expenses for 2016.

### **Fund Financial Analysis**

### **Governmental Funds**

Governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$8,678,950. Of this balance, \$3,380,433 is unassigned, indicating availability for continuing the District's operations.

The total ending fund balances of governmental funds shows an increase of \$269,589 from the prior year. One factor contributing to the increase in fund balance is the receipt of \$326,262 of developer donations, an increase over budget of \$125,262. The majority of these developer donations came from the new, high end apartment complexes on Janes and Rockhurst near the Promenade Bolingbrook. Another contributing factor was that the District was in receipt of property taxes for the 2016 budget year that exceeded budget by \$205,344.

The Park Board of Commissioners passed a resolution to forgive the Golf Course Fund interfund debt, and cure their negative fund balance. As a result, the interfund loan of \$2.33 million between the General Fund and the Golf Course Fund was netted with their cash balances. A transfer of accumulated unrestricted reserves was made from the Capital Projects Fund to the Golf Course Fund to cure the negative fund balance of \$2.36 million, bringing the fund balance to zero. On an annual basis, the District will access the operations of the Golf Course Fund to determine if future transfers of unrestricted funds must be made to cover any operational shortages.

During 2016, the District contracted with Kemper Sports Management, Inc. to serve as the third party management company for the struggling golf and restaurant operations at Ashbury's and Boughton Ridge Golf Course. Kemper Sports has a proven service and revenue generation model, national purchasing agreements that will save on expenditures, and a successful staff management system. They took over management of these facilities on July 1, 2016.

### **Major Governmental Funds**

The General, Recreation, Golf Course, Debt Service and Capital Projects funds are the primary operating funds of the District.

The General Fund balance as of December 31, 2016 was \$4,277,184, an increase of \$501,813 from the prior year.

The Recreation Fund balance as of December 31, 2016 was a deficit of \$87,941 which was a decrease of \$186,184 from the prior year balance of \$98,243. With sales below 2016 budget projections, and rising water costs, Pelican Harbor negatively affected the Recreation bottom line, falling below the budgeted surplus by \$202,036. With continued expenditure management, Recreation, Recreation Programs, Events, and Services were able to realize a \$31,423 savings over their budget projections.

### Major Governmental Funds – Continued

The following Recreation Fund business units reflected a positive surplus at the 2016 year end:

| Reach Extended Care | \$210,054 |
|---------------------|-----------|
| Daycamp             | \$88,067  |
| Athletics           | \$50,673  |
| Gymnastics          | \$111,823 |
| Cheer               | \$17,856  |
| Dance               | \$59,059  |
| Preschool           | \$32,522  |
| Early Childhood     | \$16,679  |
| Fitness             | \$17,076  |

Lifestyles Fitness revenue of \$773,699 increased by 2.98% from prior year revenue by \$22,386. This is the second year in a row that the fitness center has shown a profit and the third year since 1999 that the fitness center has achieved a profit. Management's focus has been on attracting and retaining existing members by offering new and exciting programs, activities, special events, group fitness, personal training, and excellence in customer service. Membership renewals are at 69% of the membership base.

The Capital Projects Fund balance decreased by \$2,833,227 to \$1,369,382 mostly due to the \$2.36 million dollar transfer to the Golf Fund in addition to capital outlay of \$1.06 million. The District continues to spend down the 2013 bond proceeds, as the capital replacement and improvement plan for those proceeds is coming to a close. With limited funding available from operations, the District continues to discuss potential funding sources for the Capital Asset Replacement Plan.

The Debt Service Fund balance as of December 31, 2016 was \$2,112,243 of which \$2,089,569 is restricted for the debt service payment due on January 1, 2017.

### **General Fund Budgetary Highlights**

Actual revenues for the year of \$6,286,095 were higher than budgeted revenues of \$6,129,436 by \$156,659. Based on a continued decrease in EAV from 2009 forward, the District budgeted conservatively for taxes. 2016 represented the first year the District saw an increase in EAV, and received \$141,088 more than budget. Actual expenditures for the year of \$5,596,786 were lower than budgeted expenditures of \$5,887,522 by \$290,736. Controlled spending played a significant role in this savings. The budgeted increase to fund balance for the year before transfers was \$241,914, with an actual increase to the fund balance before transfers of \$689,309.

### **Capital Asset and Debt Administration**

### **Capital Assets**

The District's investment in governmental capital assets as of December 31, 2016 was \$64,668,991 (net of accumulated depreciation) as reflected in the following table.

Additional detailed information on capital assets can be found on page 23.

### **Debt Administration**

As of December 31, 2016, the Park District governmental-type debt outstanding was \$26.22 million, compared to \$28.47 million the previous year, a decrease of \$2.25 million. Retirement of bonds was \$2.4 million. On November 3, 2016 the District issued refunding debt certificates and general obligation bonds totaling \$7,795,000 to refund \$7,771,683 of existing bonded debt. The focus of this refunding was to restructure repayment terms to bring future debt service payments in alignment with our current payment schedule. The District realized an economic gain of \$60,780 as a result. Through the bonding process, the District was able to maintain a Moody's Investor Service rating of Aa2. Additional detailed information on long term debt can be found on pages 24 - 31.

### **Economic Condition and Outlook**

The 2016 fiscal year operating budget is \$17,570,691 which represents a 4.4% increase over the fiscal year 2015 operating budget. The 2016 fiscal year debt service budget is \$3,402,532, a 4.42% decrease compared to fiscal year 2015. The 2016 fiscal year capital budget is \$1,274,991 which is a 41.23% decrease compared to fiscal year 2015. By fiscal year end 2015, the majority of bond proceeds restricted for capital projects and improvements had been utilized, reducing capital expense in 2016.

The operational, debt service and capital components of the 2017 budget total \$23,422,883, a 5.28% increase from the budgeted \$22,248,214 for fiscal year 2016.

The District's 2016 equalized assessed valuation increased 6.18% and is currently \$1.9 billion. The 2016 budget reflects a 1.23% or \$145,747 decrease in budgeted property tax revenue.

The capital budget focus is on capital asset replacement and safety enhancements. The upcoming year includes capital improvements such as:

- Complete facility security improvement plan which includes panic buttons, updating burglar alarm systems and installing public address systems
- Replace six air conditioning roof top units on the Annerino Community Center (Year 1/5)
- Refinish the wood flooring in the BRAC gymnasium
- Purchase a used fork lift for use at the Buildings & Grounds Facility. This acquisition will be made affordable by the sale of an old tractor with forks
- Tuck-point damaged and worn areas of mortar on the Bolingbrook Recreation & Aquatic Complex buildings
- Replace the roof on Plimmer Park's storage building
- Replace 15 benches along pathways in Volunteer Park and near entrances to the Bolingbrook Recreation & Aquatic Complex
- Replace a 2007 riding lawn mower with 72" cutting deck with a new riding mower
- Replace the 25 year-old playground at Lions Park with new equipment and surfacing that meets ADA and safety requirements
- Renovate Rotary Parks playground, installed in 1991, with new play equipment. Remove the ramp that divides the playground which doesn't meet ADA
- Replace Wipfler Parks 23 year old playground equipment
- Repair tennis court surfaces at Indian Chase Meadows, Ivanhoe Park and Central Park by filling pavement cracks and applying a surface color coating
- Replace a 1999 covered landscape trailer used by the lawn mowing crew with a open trailer
- Replace a 2007,1/2 ton box bed pick-up truck with lift gate and a 2002, 3/4 ton 4-wheel drive truck with new trucks of the same capacity
- Remove 50 dead or dying ash trees and replace with 50 trees of various species
- Construct river bank stabilization in two locations along the DuPage River Greenway where the river is dangerously close to the pathway

### **Economic Condition and Outlook** – Continued

- Replace the 22 year old split rail fence used to depict park property boundaries at Gateway Wetlands
- Replace the eight year old carpeting on the second floor of the Ashbury's facility
- Expansion of Facility Video Security Systems with additional cameras
- Expansion of ACC, BGNR, BRAC and Oaks Video Security Systems with additional cameras
- Install Ceiling Mounted Projector with Sound in BRAC Community Room and BRAC Zone
- Capital replacement of ACC Ceiling Mounted Projectors with Sound (2)
- Capital replacement of 27 Desktops, Laptops and Tablets
- Capital replacement of LCSRA/Ashbury's Digital Copiers
- Capital replacement of 12 Servers

Many trends and economic factors can affect the future operations of the Park District, which are considered during budgeting and long range planning. The District's focus is on efficient use of space and continued maintenance of existing facilities and open spaces. Staff will continue to focus on trends in program participation and usage of facilities, parks and services. With aging facilities, capital replacement funding continues to present a challenge for the District.

In 2016, the District will continue to focus on implementation of the Strategic Plan with an emphasis on mid-term objectives. The Strategic Initiatives that continue to keep our focus on the mission and vision are Employee Engagement and Satisfaction, Innovation, Customer Satisfaction and Loyalty, and Financial Growth and Sustainability.

The District continues to see modest population growth. The current population of 75,951 represents a 3.52% increase compared to 73,366 reported in the 2010 census. With its mission statement, the District continues to provide world class park and recreation services in a fiscally responsible manner to enhance the community's quality of life. In spite of economic challenges, we are still seeing strong interest in programs, facilities and services.

Notes to the Financial Statements December 31, 2016

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Bolingbrook Park District (District) of Illinois is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government. The District provides a variety of recreational facilities, recreational programs, park management, capital development, and general administration.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

#### REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

#### BASIS OF PRESENTATION

## **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

## **BASIS OF PRESENTATION** – Continued

## **Government-Wide Statements** – Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

The District does not allocate indirect costs. An administrative and maintenance service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, maintenance of buildings, grounds and natural areas).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

#### **Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the Districts funds are reported as governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

#### **Fund Financial Statements** – Continued

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

#### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

**General fund** is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

**Special revenue funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains eight special revenue funds. The Recreation Fund, a major fund, is used to account for the operations related to the Recreation Department; including operations of general recreation, recreation programs, events and services, after school care, summer camp, athletics, gymnastics, dance, preschool, early childhood, aquatics and fitness. Financing is provided by user fees and a specific annual tax levy. The Golf Course Fund, a major fund, is used to account for the operation and maintenance for the Boughton Ridge golf course and Ashbury's at Boughton Ridge. Operations include a 9-hole golf course, pro-shop, restaurant, and banquet facility. Financing is provided by user fees and transfers from other funds as necessary.

**Debt service funds** are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

**Capital projects funds** are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Capital Projects Fund, a major fund, is used to account for all financial resources used for the acquisition or construction of major capital facilities, equipment and capital asset replacement.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

## **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

#### **Cash and Investments**

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

## **Interfund Receivables, Payables and Activity**

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

## **Prepaids/Inventories**

Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

## **Capital Assets**

Capital assets purchased or acquired with an original cost of at least \$5,000 are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

# Capital Assets - Continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

| Buildings         | 25 - 65 Years |
|-------------------|---------------|
| Land Improvements | 10 - 20 Years |
| Equipment         | 3 - 20 Years  |
| Vehicles          | 5 - 10 Years  |

#### **Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

## **Compensated Absences**

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

## **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

## NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **BUDGETARY INFORMATION**

Budgetary funds are controlled by an integrated budgetary accounting system in accordance with various legal requirements that govern the District.

The Combined Budget and Appropriation Ordinance is prepared in tentative form by the Executive Director and is made available by the Board of Park Commissioners for public inspection 30 days prior to final Board action. A public hearing is held on the tentative budget to obtain taxpayer comments. Prior to January 1 the appropriations are legally enacted through the passage of a combined budget and appropriation ordinance. All actual expenditures contained herein have been compared to the annual operating budget.

The Board of Park Commissioners may:

Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.

Transfer between items of any fund not exceeding in the aggregate 10% of the total amount appropriated in such fund.

After six months of the fiscal year, by two-thirds vote, transfer any appropriation item that it anticipates will be unexpended, to any other appropriation item.

The Executive Director is authorized to transfer budgeted amounts between line items within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Park Commissioners. Expenditures may not legally exceed budgeted appropriations at the fund level.

## EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget for the fiscal year:

| Fund                |    | Excess |  |  |

#### **DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Funds, the Illinois Metropolitan Investment Fund, and the Illinois Park District Liquid Asset Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

#### **DEPOSITS AND INVESTMENTS** – Continued

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. Although not registered with the SEC, the Illinois Park District Liquid Asset Fund does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

## Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits and Investments. At year-end, the carrying amount of the District's deposits totaled \$9,237,806 and the bank balances totaled \$9,395,668. In addition, the District had \$305,343 invested in the Illinois Funds, \$30,334 invested in IMET, and \$8,571 invested in the Illinois Park District Liquid Asset Fund.

**Interest Rate Risk.** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District limits its exposure to interest rate risk by attempting to coincide its investment maturities with projected cash flow needs. The District's investment policy does not further limit interest rate risk. The maturity of the District's investment in the Illinois Funds, IMET, and the Illinois Park District Liquid Asset Fund is less than one year.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

**Credit Risk.** Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy does not further limit its investment choices. As of December 31, 2016, the District's investment in the Illinois Funds and the Illinois Park District Liquid Asset Fund was rated AAAm by Standard & Poor's and the District's investment in IMET is not rated.

**Concentration of Credit Risk.** Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address concentration of credit risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At year-end, the entire bank balance of the deposits was covered by federal depository or equivalent insurance. Furthermore, the District's investment policy states that deposit amounts in excess of the federally insured amount must be collateralized to the extent of 110% of market value of the deposits.

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2016, the District's investments in the Illinois Funds, IMET, and the Illinois Park District Liquid Asset Fund are not categorizable for custodial credit risk.

#### PROPERTY TAXES

Property taxes for 2015 attach as an enforceable lien on January 1 on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Will County and are payable in two installments on or about June 1 and September 1. The County collects such taxes and remits them periodically.

#### **Defeased Debt**

On November 3, 2016, the District issued \$5,025,000 par value Refunding Debt Certificates, Series 2016A, \$460,000 par value Taxable General Obligation Limited Park Bonds, Series 2016B and \$2,310,000 par value General Obligation Limited Park Bonds, Series 2016C to refund \$7,341,683 of the General Obligation Bond (Alternate Revenue Source), Series 2006 and \$430,000 of the General Obligation Limited Tax Bonds, Series 2013. The District defeased bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payment of the old bonds. Since the requirements that normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government's basic financial statements. Through this refunding, the District increased its total debt service by \$341,215 in order to restructure repayment terms and cash flow and obtained an economic gain of \$60,780.

In prior years, the District defeased general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payment on the old bonds. Since the requirements which normally satisfy defeasance, have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's basic financial statements. Defeased bonds of \$3,750,000 remain outstanding as of the date of this report.

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

**Committed Fund Balance**. The District reports committed fund balance in the Recreation Fund, a major fund. The District's Board has committed the funds for future recreation programs, facility maintenance and future capital projects through Board ordinance. Board approval is required to establish, modify or rescind a fund balance commitment.

## Park District Risk Management Agency (PDRMA) – Continued

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2014 and the statement of revenues and expenses for the period ending December 31, 2014. The District's portion of the overall equity of the pool is 1.435% or \$584,050.

| Assets          | \$63,181,823 |
|-----------------|--------------|
| Liabilities     | 23,063,014   |
| Member Balances | 40,708,211   |
| Revenues        | 18,585,098   |
| Expenditures    | 19,500,046   |

Since 95.90% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

## **Unemployment Insurance**

The District is subject to the State of Illinois Unemployment Compensation Act and has elected the reimbursing employer option for providing unemployment insurance benefits for eligible former employees. The District reimburses the State for claims paid by the State.

### NOTE 4 - OTHER INFORMATION - Continued

### **CONTINGENT LIABILITIES**

### Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

### **Joint Venture – Special Recreation Association (SRA)**

The District has entered into a joint agreement with Plainfield Township Park District to provide cooperative recreational programs and other activities for handicapped and impaired individuals. The District received \$385,000 for SRA in the current year. In the event of the dissolution of this agreement the funds and assets shall be first used to pay all outstanding liabilities of SRA and then all funds and assets remaining shall be returned to the member districts in pro-rata proportions based upon the contributions previously made.

### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

### Plan Descriptions, Provisions and Funding Policies

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at <a href="https://www.imrf.org">www.imrf.org</a>. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

### **Plan Descriptions**

Plan Administration. All hired in positions that meed or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2016, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits               | 41  |  |
|--|-----|--|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 186 |  |
| Active Plan Members  |     |  |

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2016 was 9.28% of covered payroll.

*Net Pension Liability*. The District's net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2016, using the following actuarial methods and assumptions:

| Actuarial Cost Method               | Entry Age<br>Normal |
|-------------------------------------|---------------------|
| Asset Valuation Method              | Market              |
| Actuarial Assumptions Interest Rate | 7.50%               |
| Salary Increases                    | 3.75% to 14.50%     |
| Cost of Living Adjustments          | 2.75%               |
| Inflation                           | 2.75%               |

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality tables was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.50% and discount rate in the prior valuation was 7.49%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Discount contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

### **Discount Rate Sensitivity**

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

### OTHER POST-EMPLOYMENT BENEFITS

### Plan Descriptions, Provisions, and Funding Policies

In addition to providing the pension benefits described, the District provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the District's General Fund.

The District provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the District's retirement plans. Elected officials are eligible for benefits if they qualify for retirement through the Illinois Municipal Retirement Fund.

All health care benefits are provided through the District's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medial services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the District's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending December 31, 2016, retirees contributed \$5,919 to the plan. Active employees do not contribute to the plan until retirement.

At December 31, 2016, membership consisted of:

| Retirees and beneficiaries currently receiving<br>benefits and terminated employees entitled<br>to benefits but not yet receiving them | 1  |
|--|----|
| Active Employees   |    |
| Vested   | 43 |
| Nonvested  | 22 |
| Total  | 66 |
| Participating Employers  | 1  |

The District does not currently have a funding policy.

### **Funded Status and Funding Progress**

The funded status of the plan as of December 31, 2014, the date of the latest valuation, is as follows:

| Actuarial Accrued Liability (AAL)                 | \$<br>294,574   |
|---|-----------------|
| Actuarial Value of Plan Assets                    | \$<br>-         |

| Funded Ratio (Actuarial Value of Plan Assets/AAL) | 0.00%           |
| Covered Payroll (Active Plan Members)             | 6,629,914       |
| UAAL as a Percentage of Covered Payroll           | 4.44%           |

### **Actuarial Methods and Assumptions**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2014 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 4.00% investment rate of return (net of administrative expenses and an initial healthcare cost trend rate of 7.90% for PPO, 7.20% for HMO, and 3.40% for Dental. All rates grading uniformly over 10 years to a 5.00% ultimate rate. All rates include a 3.00% inflation assumption. The actuarial value of assets was not determined as the District has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2016, was 30 years.
